

"The Smart OHS™ online system includes a contractor insurance editor which allows us to enter all certificates of currency information including expiry dates, policy numbers, type of policy and fields to attach scanned documents from all contractors that perform work at any of our properties."

Michele Mahoney, HR Manager, Laundry Hotels

Why use the Smart OHS™ online system?

- ✓ It's smart and easy to use
- ✓ It helps make your workplace safer by allowing you to track your OHS performance and risk rating with the click of a button
- ✓ It remembers when you have a task due for completion and reminds you via email
- ✓ It provides up-to-date legislation specific to your state or territory
- ✓ It's tailored to your industry type
- ✓ It suits any size organisation - from small to large
- ✓ It's available online – forget the messy paper based options

"The Smart OHS™ system has made organising our staff in terms of OHS responsibilities much easier. The ability of the system to set up separate accounts for each of our departments has meant clearly defined roles for OHS within this hotel."

Phillip Groves, Security and Safety Manager, TheWestin, Sydney
